

Bude Primary Academy

Head of School – Mr James Pritchard

Friday 4th April 2025

Dear Parents / Carers,

We are now entering the final stretch of what has been a fantastic year of learning. This curriculum letter provides a brief overview of key information for the term ahead, including details about trips, events, and key learning focuses. We look forward to another exciting and successful term with the children!

Trips, events or visitors

- Weekly sessions in the forest area (school based).

Reading

It is recommended that children read aloud every day. This is essential as it helps children develop their accuracy, fluency and confidence. It is also a fabulous chance to ask your child about key vocabulary, what they think may happen next or comprehension questions about what they have read and understood. In school, children are encouraged to choose books from the class library at their appropriate level. Books are organised into three categories to help our children carefully select the right book for them – Tasty (accessible texts), Hot (shorter novels, easier to access non-fiction) and Spicy (longer novels, more complex non-fiction texts).

Library books

Thank you for your support with keeping the library and classroom books safe and well cared for. The children love their visits to the library and take real pleasure in choosing their next book!

Home Learning

You can support your child at home by practicing their times tables. Pupils who know their times tables find all areas of maths far easier to approach and understand. Your child can access Numbots or TTRockstars through their Google login at home. Your child can also access Spelling Shed to practise spelling rules being taught in class that week. For further ideas of how to support your child at home, take a look at our [home learning page on our website](#).
